Q5 – Other comments (1): *I think summer school was excellent for my child as it helped overcome his fears of getting lost in a school he hadn't been able to access earlier and also the chance to meet other years 7 starters from different schools was great for him. My son is very excited and relaxed about starting tomorrow now due to attending summer school and I thank the school and teachers for arranging this. I do believe that Telford Park was the only secondary school that compensated as much as possible for loss year 7 students encountered due to lockdown restrictions.*
